GENERAL INFORMATION

Stallions will be collected at Equine Sports Reproduction (ESR) on Mondays, Wednesdays, Fridays and Saturdays starting February 2 extending through July 15th of the 2010 breeding season. We will not make exceptions to this schedule in order to preserve the stallion's fertility throughout the breeding season.

Orders for cooled shipped semen must be placed by 5:00 pm, Central Time, the day prior to semen collection. Place semen orders by calling the phone number listed above. Semen orders that are left on a voice mail system must be confirmed in order to ensure receipt. The Stallion has been tested Negative and Vaccinated for Equine Viral Arteritis (EVA).

ESR test cools all stallions prior to shipment to your mare. Stallions are also screened for bacterial and viral transmittable diseases.

You are required to utilize the services of a Licensed Veterinarian to receive semen for your mare.
